

ENGAGEMENT MANAGER – GREATER TORONTO AREA 11-3

Contego

Committed to IT Risk and Compliance Management, Contego (www.contegosecurity.com) is the largest "Single Source" Security Services firm in Canada today. We partner with our clients to identify the most critical risks associated with their business and Information Assets. Contego then provides holistic solutions for effective IT risk mitigation and compliance management.

At Contego, we make it our priority to gain a clear understanding of your organization, your business objectives and regulatory compliance requirements. We partner with you to maintain and manage your compliance and support your security infrastructure. Our Services Practices allow our customers to define their "security posture" by developing policies, procedures and road maps to mitigate risks and maintain and prove compliancy throughout the year.

Description

Engagement Managers at Contego are the driving force for our success. They bring a wealth of experience and knowledge to our various service offerings and are responsible for ensuring the quality of services provided to Contego's clients. They oversee the professional staff assigned to their engagements and manage the day-to-day execution of tasks in fulfillment of established work plans. Engagement Managers follow Contego's methodology and service excellence standards while working with clients. Engagement Managers are known for their diverse industry and management experience. Other key success factors include:

- Functional experience and knowledge, offering understanding of our client's business processes
- Ability to identify and communicate solutions to complex, time-critical or recurring business issues
- Experience in cost savings and business performance improvement

Engagement Managers understand Contego's engagement methodology and service quality practices and apply them to all client engagements including, but not limited to:

- Identifying, tracking and reporting engagement risks, issues, opportunities and change in scope;
- Translate engagement scope into work plans describing engagement tasks, timing and responsibilities;
- Providing clear, concise and appropriate documentation of work performed;
- Preparing internal and external status reports that communicate deliverables, progress and results;
- Working closely with Directors to promptly resolve client issues

An Engagement Manager works under general supervision of the Director of Professional Services while completing assigned projects and maintaining the appropriate level of utilization. Contego engagements will generally include the following analyses:

- Forensic Services
- Security Review of Network Infrastructure
- Asset Identification & Prioritization
- Ethical Hacking & Penetration Testing
- Comprehensive Risk Assessment
- Risk Mitigation
- Compliance & Configuration Assessment Services
- Inventory Assessment Services
- Patch Management - Assessment & Implementation
- Business Continuity Planning & Disaster Recovery Planning and Assessment
- Incident Handling & Response
- Information Security Policy Development
- Software Application Security Assessment
- Code Security Assessment
- Secure Network & Application Design, Implementation & Support
- Content Management Services
